Missionary Contacts, Pastoral Visit and Prophetic Acts

This month my parents came here, together with my sister. They came to bless this land and also to be with me and Yan, because they have also participated when he was sent here.

We went to **Trier** and **Frankfurt**, here in **Germany**, but also visited **Brussels**, in **Belgium**, **Vaals**, in **Holland** (here by the border) and **Luxembourg**. Each one of the visits was very blessed and special.

We could get in touch with several brothers, missionaries, pastors and set up many contacts. God has open many doors in this nation and in the whole Europe. Amen!

Brussels, Belgium

Belgium: Missionary Retreat

My father was there for 1 day and a half at a retreat/conference with many Brazilian missionaries that work in several nations here in Europe (**Portugal, Bosnia, Luxemburg, England, Germany**, among others) and could share a lot about the *Flechas Para As Nações Project* (soon we'll have more info) and make many contacts.

This nation is considered to be Catholic (according to research), but the Catholic Church is undergoing a crisis: in the year of 2008 only one priest was ordained! And thank God the evangelical churches have grown more and more. Glory to God!

At the end of the conference I went with my mother, my sister and Yan to pick my dad up and we took the opportunity to visit the city a little. Brussels is Belgium's capital city, but also Europe's – the European Parliament is located there.

We could be there to bless not only this nation, but also the whole European continent!

Luxembourg: Strategic Nation

We spent an afternoon in this "Grand-Duchy ". It's a nation of a little bit over 2.500 km² (around 1000 square miles) and less than 500.000 inhabitants, but it's highly developed. They have the number 1 GDP *per capita* in the world and about 90% of the world's economy goes through there.

However, there are no national churches. The few churches located there are small and consist of, in its majority, of immigrants. Even though we were there only for a few hours we could pray for the nation, which is an economic and strategic center in Europe.

By the side, downtown Luxembourg.

Luxembourg

Witchcraft and Idolatry

Both in Luxembourg and Belgium there are many things related to the image of the Witch. There are many souvenirs and gifts related to witchcraft.

In Luxembourg the last Sunday of October is dedicated to witches (Witch Sunday). At the entrance of many cities it is written: "We're like this and don't want to change".

In Belgium there's a city with 30,000 people that was consecrated to Satanism. There's also a high number of suicide among children!

Let us pray also for this two nations, that have gotten away from the Lord!

Vaals: Triple Border

We visited this small city by the border of Germany, and went also to the *Three Border Spot* – Germany, Belgium and Holland. There we prayed for these nations, poured oil and wine and also “*blow the trumpet*” to declare that the Kingdom of God is arriving in these nations!

In the photo, I'm in Germany, Yan is in Holland and Mirian is in Belgium!

Germany: Prophetic Acts

We also visited some strategic places here in Aachen. We went to the *Ponttor*, one of the city (and Germany) gates. We also went to a place known as the *Devil's Mountain*, who had come to destroy the city (according to popular belief), but was deceived by a woman farmer (though not expelled) and “stayed” there, in this mountain. I wrote “*stayed*” in Past Tense, because in the name of Jesus we have already expelled him from here! We’re calling this mountain now *Mount Zion*! Glory to God!

IN the photo, Yan blows the shofar by the statue of the devil and the woman farmer.
